

Don't Make Me Go To Bed

I'm not I'm not going to bed
I want to watch a movie instead
Fred you know its your bed time
how about a nice nursery rhyme

Nursery rhymes are silly
just like my little brother billy
You just stop that you little brat
now go to bed and that is that

I'm not I'm not going to bed
I want to play the computer instead
I'll paint a picture race some cars
rescue the princess from the dungeon bars
hurry up mum boot it up now
get a move on you silly old cow
you just stop that you little brat
now go to bed and that is that

I'm not I'm not going to bed
I want to play with my toys instead
My cars, my planes, my lego blocks
My bugs, my torch, my collection of rocks
I'll make a house using my bricks
I'll zap my brother with my magic tricks
You just stop that you little brat
now go to be and that is that.
