

3 Forrest Beach Artists, Mim Bates, Gai Chappell, and Linda Knibb have been very busy experimenting with different mediums and techniques, and their efforts will culminate with the opening of the exhibition "Pure Pleasure" on Friday 4th. April at 7.30 pm. Gallery Hinchinbrook, Ingham, is the venue.

After attending workshops in silversmithing and glass fusing, Linda has been making necklaces, bracelets and earrings in sterling silver and handmade glass beads. She will also be exhibiting her charming clay sculptures of various animals.

Working to her own unique designs, Gai has done some fused glass plaques and three dimensional sun catchers. Her stained glass lamps, mirrors and mobiles add wonderful colour to the exhibition.

While exploring the delights of working with clay, Mim has made some small sculptures to add to her display of traditional oil and water-colour paintings. There are hand painted lamp shades too.

The whole exhibition will be complemented with bonsai by Maureen Chappell, and will run from Friday 4th. April to Friday 11th. April 2003. Admission is free.
