

Little Bird

Mum, I want a little birdy that will sit upon my knee
I hope he will be good and doesn't pee on me.

Mum, I want a little birdy that will sit upon my head
I think that I might call him Peter...Paul...no Fred.

Mum, I want a little birdy that will sit upon my arm
Preferably a canary that can sing like a charm.

Mum, I want a little birdy that will sit upon my shoulder
I'll keep him for my special pet until I'm much older

Mum, I want a little birdy that will sit upon my toe
I will take good care of him so he will never go.
