

Paralympics on the GO

These celebrations – the honour bestowed from the Chinese host
Go our own Aussie paralympian show you are the most
I know how hard you try – I know how hard you trained
Our nation's honour and pride you all have readily gained
All our nation can see your own spectacular speciality
Shining on with honour and so very very brightly
You give hope to our nation all that have been hurt
And showing us all how our own Aussie worth to assert

So come on paralympian make this your stand
Were backing you here cause we know that you can
We proudly clap and cheer our own nations delight
Knowing that you've endeavoured that Aussie spirit fight
Bring those medals home – we know that you can do
Were cheering loudly Aussie screaming out for you

Show the other countries that no matter what
You Aussie paralympians the best that we have got
Show our nation that no matter what their problems are
They too are able to do and become a shining star
And when you return home our honour we'll bestow
Come on Aussie – come on – go Aussie go

You too have smashed world records that were on hold
Come on Aussie come on I watch your tenacity unfold
So come on Aussie hero go strong and fast from the start
Go my paralympian hero – with pride you're in my heart
